

JOPLIN DON'T WANT MIAMI

Miami Excluded from Participation in Auto Show Being Held This Week at Joplin

Why don't Joplin want Miami represented in the automobile show? Is Baxter Springs complimented or maligned by being allowed representation? It's not just possible Joplin is afraid of Miami and had we ought to so readily participate in Joplin's little stunts? Here is a little food for thought in a clipping from the Miami Record-Herald for Baxter town builders.

Miami has been excluded from participation in the First Annual Automobile Show at Joplin. The motor car dealers of Jasper county are determined to prevent any Miami agency being represented at the show and have combined to prevent cars distributed by dealers of this city from being placed on exhibition there, according to statement made Thursday morning by C. E. Lee, manager of the Coleman-Harvey Buggy company.

The Coleman-Harvey Buggy Company of Miami, agents for the Winton Six in Jasper, Newton and McDonald counties, in Missouri, was granted a space allotment in the show building several weeks ago. Later the firm was informed that its exhibit could not be shown.

C. E. Lee and George Magee, of the local firm, went to Joplin and rented a space in the lobby of the Connor Hotel. They proposed to place on exhibition there the latest type of Winton Six. A delegation of Joplin dealers waited on the manager of the hotel Wednesday and told him that if he did not break his contract with the Coleman-Harvey company he would bring down the wrath of the Joplin Dealers' association on his head.

The hotel manager informed Mr. Lee that he was ready to fill his contract for the use of the lobby regardless of the consequences. Being convinced of the fairness of the hotel man and not wishing to cause him injury that might result from the displeasure of the Joplin dealers, Mr. Lee withdrew his car, he said.

The Miami agency, however, will be represented in Joplin. The local men will show their car on the streets of the Missouri town. The car will be placarded with signs announcing that it was excluded from the show because its agents make their headquarters in Miami.

The only attempt to disguise the reasons for the actions was a claim set up by the Joplin dealers that the exhibition was for the Jasper county concerns only. However, concerns from Kansas and many points in Missouri, including Springfield, were given space in the show building.

Mr. Lee said Thursday that he believed that besides the desire of the Joplin dealers to prevent Miami being represented they were also concerned by the fact that no other car of the class of the Winton Six was on exhibition.

A HOCKERVILLE PAPER

Among the papers arriving at the desk of the Daily Citizen this morning was "The Hockerville News," under the publishing name of Murphy & Mays. The paper is a six column saddle blanket and we presume a weekly paper. The News carries a nice line of advertising and considerable news. It will no doubt improve with the town. One of the ads appearing in the News is perhaps characteristic of some starts made in the mining towns. The ad reads as follows: "I traveled 60,000 miles to find this place—arrived with \$1.30. I guarantee 10 per cent to 500 per cent on money invested with us." Hockerville is to have a bank by the first of May. The building is being erected. The News estimates there are 400 houses under construction in Hockerville.

Do all you can with all your heart and then remember how little you are doing in comparison with the sacrifice our boys are making over there.

SUMMARY JUSTICE

J. H. Warnell and A. J. England, of Blue Mound, were arrested the other day in a rooming house at that place by Sheriff Frazier. The Sheriff has information that the men had been selling liquor and had a supply on hand. The sheriff found only two and a half pints of cheap whiskey. Within twenty-four hours of the arrest the men had been taken to Columbus, pleaded guilty and received sentence. They each drew \$100 fine and a 30 day jail sentence.

STOLEN CARS FOUND.

Two Stolen Columbus Cars Found. But No Clue to Chubb's Car Theft Reported

Automobiles stolen from Columbus garages belonging to George Bunyon and B. F. Shannon Wednesday night about the same time the D. S. Chubb Buick was stolen from Military street in Baxter Springs Wednesday night, have been found, but Mr. Chubb has not been so lucky.

Bunyon's car was a Studebaker and Shannon's car was a Ford. Yesterday morning Mrs. Bliss Deem living in Spring Valley township northwest of Baxter Springs, telephoned to Sheriff Bob Frazier that an abandoned car was standing in the road a short distance from her home. The car was the Shannon Ford. The two front tires had been taken and the rear casing cut in several places, apparently with a knife. Tools from the car were also missing. It is thought the parties stealing the Ford also took the Studebaker. Tracks believed to have been those of the Studebaker were found near the Ford and oil was spilled on the ground, thought to have been taken from the Ford.

Yesterday afternoon the sheriff was notified that the Studebaker had been captured by the A. H. T. A. at Severy, Kas., about 110 miles west of Baxter Springs. The telegram did not say whether the thieves had been taken. Mr. Bunyon went to Fredonia to do some investigating and will drive the car home.

HE HAD PLENTY OF WHISKEY ALONG

Trio Were Having a Good Time at the Frisco Depot But Conductor Objected on Train

John Ward, of Afton, and two companions, Messrs. Crook and Williams, were taken in charge by night marshal, M. W. Foster, upon request of the conductor on the evening Oklahoma train. The men had been drinking and were having a good time around the depot and Foster was willing to let them get out of town as long as they did no harm, but the conductor lodged a charge against them of interfering with the United States mail.

A search was made last night of the baggage belonging to the men arrested and 24 pints of whiskey was found in Crook's grip. He will be taken to Columbus tonight by M. W. Foster and will probably be charged with violation of the Bone Dry Law. Crook had in his possession a card calling him for service on the 26th of this month and probably relied on this to get him out of any trouble he might get into with the booze the officers think.

W. T. Apple, Guardian.

(First published in Baxter Springs News, April 19, 1918)

NOTICE TO BIDDERS
Sealed proposals will be received by the Board of Education at Baxter Springs, Kansas, from April 25, 1918, until May 10th, 1918, at 6 o'clock p. m., for the erection of a fire proof High School building to be located at Baxter Springs.

All labor and materials will be furnished in accordance with the plans and specifications prepared for the same by Burt C. Overton, of Baxter Springs, Kansas.

Copies of the plans and specifications may be seen on file at the offices of the Construction News, Topeka, Kas.; John H. Kitchen, 302 Delmain Bldg., Kansas City, Mo.; and in the offices of the architect at Baxter Springs, Kas., and Miami, Okla.

Each bid must be accompanied by a certified check for \$1,000, the same being made payable to The Board of Education, of Baxter Springs, Kan., and shall be forfeited to same if award of contract is made and successful bidder fails to enter into contract and furnish the surety bonds required by the laws of Kansas, within ten days from the date of acceptance of said bid.

Heating, ventilating and plumbing systems will be awarded under one contract at the same time.

The Board of Education reserves the right to reject any or all bids.

Dated April 18, 1918.

By Order of The Board of Education,

R. C. Wear, President,

Baxter Springs, Kansas.

NOTICE OF FINAL SETTLEMENT

The State of Kansas, ss.

In the Probate Court in and for said County

In the matter of the Estate of Samuel Binns, Deceased. Creditors and all other persons interested in the aforesaid Estate, are hereby notified that my final report is now on file in the Probate Court, in and for said county, for the inspection of parties interested. I shall, on the 21 day of June, 1918, apply to said Court for a full and final settlement of said Estate, and ask the Court for an order allowing my compensation, declaring who are the legal heirs to this Estate.

M. A. Binns, Executor of Samuel Binns, Deceased. Dated, Columbus, Kansas, Feb. 20, A. D. 1918.

If I were a farmer I would keep at hand a few reliable medicines for minor ailments that are not so serious as to require the attention of a physician, such as Chamberlain's Colic and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, colds and croup.

Chamberlain's Liniment for sprains, bruises and rheumatic pains.

Chamberlain's Tablets for stomach troubles, biliousness and constipation. By having these articles at hand it would often save the trouble of a trip to town in the busiest season or in the night, and would enable me to treat slight ailments as soon as they appear and thereby avoid the more serious diseases that so often follow.

WAR EMERGENCY CALL FOR WHEAT

Farmers Who do Not Sell Before May 1, Will Have to Pay for the Cost of Requisition.

The United States Food Administration has issued an order for farmers who will hold the 1917 crop to market it promptly. Following is the war call as issued by Walter P. Innes to Kansas farmers:

"It is now necessary for the government to demand the immediate delivery of all wheat to the market.

"It is estimated that Kansas farmers are holding about two and a half million bushels of wheat from the 1917 crop and some few scattered lots from the 1916 harvest.

"All wheat must be marketed before May 1. Holders of wheat are hereby requested to advise this office at once if for any reason they will be unable to market their wheat before the time limit. Each case will be investigated and if reasons are deemed sufficient extra time will be given.

"Failure to deliver or have permit from this office before May 1, will be considered sufficient reason by the government to requisition any and all wheat held by the farmer.

"Voluntary marketing of the wheat is urged as a patriotic duty. Producers will thus lighten the burdens of government officials and very materially help to win the war.

"Where requisition is necessary charges for transportation from the farm to the elevator will be deducted from the price of the wheat at the elevator, and wide publicity will be given to the seizure.

"We have a few instances where farmers are hoarding their wheat out of a desire to obstruct the government. It is not fair for them to prejudice loyal members of our community.

"Our Kansas farmers, we know, will respond promptly with their characteristic loyalty.

"WALTER P. INNES, U. S. Food Administrator for Kansas."

UNEXAMPLD INHUMANITY ON PART OF OUR ENEMY

In Poland, according to the great pianist Paderewski, who says he will play the piano no more until Poland is free, the German authorities sent out word to the farmers on one occasion that 800 little Polish children were starving in the city, and that they could not be saved unless the farmers would come and take them home and feed them. Moved by this appeal, the farmers responded, since on a farm it is always possible to get an extra egg or a little milk, etc. Instead of being given the little children, the German officials fined the farmers for hoarding and took whatever they could find. It is against that unexampled ingenuity of fiendishness that our country is fighting. We are called upon to meet an enemy that has lost his soul and stops at no ruthlessness that will serve his military purpose.

AUSTRALIAN WHEAT CROP SHOWS GREAT REDUCTION

Estimated production of wheat in Australia for the season 1917-18 is 114,020,000 bushels as compared with last season's actual yield of 152,565,000. This is a decrease of 38,545,000 bushels, or 25 per cent, and is the result of reduced acreage combined with unfavorable conditions.

The maximum price has been fixed at 95 cents per bushel. Available shipping has been too small to cope with the supplies ready for shipment and the new season has been entered upon with stacks of old wheat on hand amounting to 100,000,000 bushels.

AMERICAN FARMER PLAYS PART IN FEEDING ALLIES

During a three and one half year period, beginning July 1, 1914, the United States exported to the Allies more than 616,000,000 pounds of fresh beef and nearly 203,000,000 pounds of canned beef.

Exports of wheat from the United States to the Allies between July 1, 1914, and January 1, 1918, totaled more than 389,000,000 bushels. Wheat flour exports exceeded 24,600,000 barrels. The total in terms of wheat shows that the United States has sent the Allies nearly five bushels of wheat for every person in this country. Until the next harvest the great need is for wheat from the United States.

The Food Administration is teaching a goodly number of business concerns that honesty is the best policy by putting them out of business for dishonesty. The ax falls only when cases are flagrant and clearly proved. And the cases are very few compared with the whole number of loyal dealers.

F. R. Cook, of the C. & M. Mining Co., says despite the prevailing low prices of ore they are putting more drills to work than at any time during the past several months. He says many men who believe the present price of ore will improve shortly are taking this opportunity to buy.

J. Thomas, of El Dorado Springs, Mo., is one of the new property owners in Baxter Springs. Mr. Thomas has bought three pieces of rental residence property. He has been here about a week.
